CLASSIC DOUBLE HUNG WINDOW

The Classic window is designed to upgrade the way your home feels — inside and out. It brings comfort, efficiency, and style together, delivering the reliable performance homeowners count on and a look that fits your personal style. With a wide range of colors, grid patterns, and hardware finishes, the Classic seamlessly fits your home's look — whether you're refreshing a room or completing a full renovation.

We design the Classic to make life easier, too. Both sashes tilt in for quick, no-stress cleaning. Built-in ventilation latches let you enjoy fresh air while keeping your home secure. And for added peace of mind, windows 30" wide and larger come standard with double locks for extra security and air tightness.
